This, of course, was obtained only after great care and observation, and the investigation. boast of some of the finest specimens thoroughbreds in this State, none is more notable than Rollin P. Saxe, (one of the Saxe Brothers) whose firm has introduced into California over 10,000 head of sheep, cattle, pigs and horses, and to whom can fairly be accorded the credit of stocking our hills and valleys with some of the finest thoroughbreds on the continent. As might be supposed, this has proved no easy task, considering the immense cost of transportation from the Atlantic scaboard and other distant parts of the country, besides the risk of handling. And the ques-tion of capital has been one of the most serious points when considered in the light of interest. The record of this famous firm is,, however, the best evidence of the possibility of annihilating difficulties by pluck, determination and extensive means.

Mr. Saxe, as we observed before, has had an experience of over six years in shipping and handling stock, and may be regarded as one of the best judges on the coast of values. This experience he has already utilized and proposes further to extend it for the benefit of breeders and raisers in California and the adjoining States and Territories. He has estab-Folsom. PERAMID LAKE RUSERVATION. -From Mr. A. J. Barnes, U S. Indian Agent for this State, we learn that everything is going along quietly at the Pyramid Lake Reservation, NORTON & CO., Truckee Market, Virginia below Wadsworth. There are about 500 Indians at present on the Reservation. During the past ten days they have had dancing carnivals, for the purpose of invoking the Great Father to send down rain. Aside from the fear that without it they would have no crops this year, they think that it would also interfere with their fishing.

This has been a prosperous fishing season with them. It commenced about the middle of October and will days have been a perfect hell on all rain, cold, dust, snow, wind, etc. last until April. Mr. Barnes informs earth to many. us that the Indiana are taking about 1,200 pounds of trout daily from the SMYLES, J. C., Surveyor and District Re. river and lake. They sell to the trader for ton cents a pound, who ships to Wadsworth, and supplies

ontside markets. Mr. Barnes is sorry that a resolution has been offered in our Legislature asking the Government to ensmall the Reservation. Such action, he says, excites the Indians, and gives the Agent a great neal of trouble. He has no idea, however, that the Government would grant such a request even should it be spectfully invited to attend.

INSANE. - Deputy Sheriff J. V. Lewis, of Wadsworth, yesterday brought up Robert and John Simpsor, said to be insane. They will be examined to day, and if found demented, will be committed to Woodbridge.

JUSTICE COURT.-The case of Wm. Salisbury was tried yesterday, but the jury disagreed, standing seven for acquittal and five for conviction. The case will be called again at 1 P. M, to-day.

In Town. - Surveyor General Davis is in town. The General is the boss pedro player of the world. Glad to see him looking so well.

PERSONAL .-- Mr. A. J. Barnes, U. S. Indian Agent for Nevada, whose headquarters are at Pyramid Lake, was in town yesterday.

Count .- Judge Wright came down from Carson last evening, so we are rare Court will be in session to-day.

BOARD OF TRADE. - At the meeting last night the bridge question was the subject of discussion.
